

Sanitizing Cleaner J-1

Detergent for cleaning while sanitizing

Allows for speedy cleaning by combining a powerful detergent with sanitizing effect on a wide range of food borne illness causing microorganisms. Ideal for cooking and processing equipment.

- Cleans and sanitizes at the same time. Useful for large and complicated equipment that cannot be easily covered with alcohol sanitizer after washing.
- Scrub all surfaces with a sponge and undiluted solution. Rinse with water.
- When using diluted, apply directly to the washing surface and scrub, or for smaller objects, dilute in a sink, soak, scrub and rinse.
- Wear gloves when handling.

J-1

Liquid

Slightly Alkaline

Fragrance-free
